

ADOPT-A-CLASS

You can help reduce the leading cause of injuries and death of children in our community by participating in **Safetyville USA's Adopt-A-Class program...**

When you "adopt" a class, your company will be providing 60 children (approximately one grade level) with bus transportation to experience a life-saving safety lesson at **Safetyville USA!**

Lessons That Last ~

Elementary school-age children tour **Safetyville USA** with a tour guide, who leads them in pedestrian role playing. Along the route, they are exposed to hazards they learn to recognize and avoid. At **Safetyville USA**, children learn by example. When children understand dangerous situations, they learn to avoid them.

Children Learn ~

- *Pedestrian /Bicycle Safety*
- *911 Safety*
- *Safe vs Dangerous Stranger*
- *Electrical Safety*
- *Highway Safety*
- *Playground Safety*
- *Construction Site Safety*
- *Animal Safety*
- *Fire Prevention & Control*
- *Railroad Safety*

\$400 provides a group of 60 children:

- Bus transportation to & from **Safetyville USA**
- A chance to participate in a vital safety learning experience

Sponsor benefits:

- Recognition on the marquee the day of your tour
- Letters / pictures from the children

To "**Adopt-A-Class**" or more information, call the **Safetyville Office:** 916-366-7233 x239; or www.safetycenter.org. Thank you!
