# OSHA #510: OSHA STANDARDS *for the* CONSTRUCTION INDUSTRY

**DATES:** November 1 - 4, 2010  
**LOCATION:** Safety Center Incorporated  
 3909 Bradshaw Road  
 Sacramento, CA 95827  
**HOURS:** 8 am - 5 pm  
**TUITION:** \$750  
**PREREQUISITE:** None

The OSHA Training Center has developed a partnership with Safety Center Incorporated to expand our curriculum and make some of our key course offerings available to students in the Sacramento area.

## OVERVIEW:

This course covers Federal OSHA policies, procedures and standards, as well as construction safety and health principles. Topics include scope and application of the Federal OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous in the construction industry, using OSHA standards as a guide.

## ABOUT THE TRAINING PROVIDERS

**Safety Center** was founded in 1934. Their mission is to reduce injuries and save lives by providing safety education and training. They accomplish this mission by promoting lifelong safety and health through a variety of community and professional programs.

The **Chabot-Las Positas Community College District (CLPCCD) Osha Training Center**, the only authorized OSHA Training Institute Education Center in Northern California, provides the highest quality safety and health training available based on the most current OSHA regulations and information.
