OSHA COMBO

OSHA #510

OSHA Standards for the Construction Industry

November 1-4, 2010

Learn the 29 CFR 1926 standards, as well as construction safety and health principles to help prevent injury. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide.

OSHA #500

Trainer Course in OSHA Standards for the Construction Industry

January 11-14, 2011

The focus of this TRAINER course is to prepare students to teach the 10 and 30 Hour Outreach classes. Course time is spent learning and practicing adult training techniques. Students will participate in the development and delivery of lectures during class.

OSHA #5109

Cal/OSHA Standards for the Construction Industry

March 14-17, 2011

Developed in partnership with Cal/OSHA, this new 4-day course emphasizes Title 8 Construction Industry standards and compliance. Topics include IIPP, Ergo, Electrical and many others. ***This course also provides existing Fed OSHA trainers an endorsement authorizing them to teach 10 & 30 hour Federal and Cal/ OSHA outreach courses.***
