

AERIAL LIFTS

TRAINER CERTIFICATION

Trainees are strongly encouraged to bring their own safety harness & lanyard to this program.

2010 DATES:

Feb 8-11 • June 21-24
Sept 13-16

LOCATION:

Safety Center Incorporated
3909 Bradshaw Road
Sacramento, CA 95827

HOURS:

8 am to 5 pm

FEES:

Member Price \$1200
Non-Member Price \$1250

OVERVIEW:

This four-day course is designed to deliver in-depth instruction on aerial equipment as well as extensive instruction on how to effectively train operators. Equipment covered: Aerial Boom Lift - "Straight Mast" (telescoping) Boom, Articulated (knuckle) Boom, Aerial Work Platform - Scissor Lift and Vertical Lift. Classroom theory & practical hands-on theory is 50/50.

Covers such topics as review of applicable regulation & industry standards, equipment pre-use inspection, hands on evaluation training, documentation/certification process, and establishing a site & equipment specific operator training program & lesson

PREREQUISITES:

- Experience working on or w/equipment addressed
- Aerial Lifts Operator Reference Manual must be read & quizzes completed **prior** to class participation (manual sent out a minimum of one week in advance of program start date)
- As a portion of the program will be outdoors, trainees should wear appropriate clothing & steel-toed shoes, if possible.
